

This calendar is an extract from the Calendar of Events for 2008. It has been developed following consideration of the timing of the known dates of other club and major motor sport events.

This extract does not show the dates of track events of other clubs to which club members have been invited nor rally events which may be of interest to Club members - these are shown in the complete Calendar of Events for 2008. Venues for some club social events, have yet to be determined.
