Champagne and orange juice, gourmet snags and egg & bacon rolls will provide your mid-morning sustenance until you choose to follow up other Sunday engagements or perhaps relax in the Studley Park environs by taking an assortment of nearby walks, such as across Kaners Bridge or staying on and lunching at the historic Studley Park Boathouse built in 1863 which offers café , bistro or highly acclaimed restaurant for those at a loose end. You can even hire a rowboat if you're either romantic or athletic!!

This day has now become a tradition for many members. It's a great occasion to get together and meet and chat in casual surrounds and if you want, to bring along a car of interest, so we'd love to see you there. You never know who is going to bring what!
