## A Note concerning your Lap Times

Thank you for attending the club's Members Practice Day and helping to make it a safe and enjoyable day. Relative to last year's 40°C it was a reasonably mild day in the mid-20's with cloud cover in the morning and mostly blue skies in the afternoon and not a drop of moisture on the circuit.. Apart from a few who experienced mechanical dramas, most drivers appeared to have an uneventful day. We trust you achieved your objectives for the day.

The Club uses a computer based timing system to record the times of drivers at its track days. For this event Greg Aimers was as usual Chief Timekeeper and Jason Carrington provided important support. Our thanks to Greg and Jason for a great job.

The club timing system although computer based, requires timing to identify each car by its pre-assigned club competition number and then enter that number to match the specific time we have recorded. Errors, where they occur, usually relate to the *visibility* of the car number. It is for this reason the Club introduced in 1997, the competition number system you were provided with on the day. The system ensures numbers are consistently presented and easy to interpret. For this to work the timing crew must be able to identify the number of a given vehicle as it crosses (at high speed) in front of them at the timing tower. This was made difficult this year with many vehicles bunching near the Start/Finish. Traffic, may sometimes obscure a vehicle. Not helping the situation is poor placement of the number on the car. Combinations of these factors can lead to:

- a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps being reported as if it were one lap.
- a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. Where this is identified we discard the inappropriate time and record 'nt' or not timed in the times attached.

As in all such systems some error is inevitable. However an inspection of the results shows that of the 1437 laps recorded, there were few, if any, errors. There were many laps not recorded in the Morning session and the runs after 4.30 pm were not timed, so the lap count is conservative. Drivers sharing a vehicle should be aware, as pointed out in the Supplementary Regulations, times are attributed to the club number displayed on the vehicle. If you failed to ensure your number was on the vehicle during your session, then your times will be attributed to the other driver sharing the car. **Incidentally, if you forgot to return your number after the event, we would be very appreciative if you returned it by mail.**

A copy of this booklet, as well as others containing the results from similar events the Club has run since 1995, can be downloaded from the "Quick Access" page on the Club's website at [www.maserati.org.au](http://www.maserati.org.au). Some members find this of use when comparing performances over time.

We trust you had a great day.

# Special Thanks!

Every track day requires a team effort. Maserati Club track days are no different. Our thanks to JL Paramedical, Victorian Fire & Rescue Squad, ACE Towing and the Motorcycle Marshalling Team for their attendance and participation. Special thanks in particular are due to the following who gave up their time to help out as officials and ensure the Members' Practice Day was a safe and successful event. We hope you achieved your objectives.

## Maserati Club Track Events in 2009

The Members' Practice Day was the club's first track day of a total of six events planned for this year. Entry Forms and Supplementary Regulations for each event will be posted on the 'Quick Access' page of the club web site.

- Sunday, February 15, 2009** **Haunted Hills Special Stage:** Our first time at this venue - resembles a special stage from Rally Tasmania rather than a hillclimb. A 95 dba day.
- Sunday, April 19, 2009** **Grand Prix Track Day:** This event is held immediately prior to Targa Tasmania - a good opportunity to make sure the car is OK. A 75 dba day.
- Sunday, June 26, 2009** **Winter Track Day:** Great mid-year event with a dinner at Georgina's in Benalla on Saturday night. A 95 dba day.
- Saturday & Sunday, August 8 & 9, 2009** **Victorian 6 Hour Regularity Relay:** The club hopes to field a number of teams. It's a great weekend. Register your interest.
- Sunday, August 16, 2009** **Trident Track Day:** A great opportunity for the less-experienced and those with experience to come to grips with this technical circuit. A 75 dba day.
- Sunday, October 25, 2009** **Annual Spring Track Day:** Now in its 16<sup>th</sup> year a week or so prior to the Sandown Historics. A great event to end the year. A 75 dba day.

Members of the Club are also invited to attend track days organised by other clubs and when available, the Entry Forms for these will be posted on the '**Quick Access**' page, which is accessed from the 'Welcome' page of the club website at: [www.maserati.org.au](http://www.maserati.org.au).
