Il Tridente: Located in Bologna's Piazza del Nettuno. It is this distinctively shaped trident head that inspired its adoption as the symbol for Officine Alfieri Maserati SpA. The red and blue of the Maserati badge are traditional Bologna Colours

A Note concerning your Lap Times

Thank you for attending the club's Grand Prix Track Day and helping to make it a safe and enjoyable day. Conditions at Sandown were just about ideal for a day of this nature. Apart from a very brief sprinkling of rain late morning, the track remained dry and stayed that way for the duration of the event. We trust you enjoyed your experience at Sandown and achieved your objectives for the day.

The Club uses a computer based timing system to record the times of drivers at its track days. Chief Timekeeper for the day was Greg Aimers. Not all times were recorded in the Morning Session.

The club timing system although computer based, requires Greg to identify each car by its pre-assigned club competition number and then enter that number to match the specific time we have recorded. Errors, where they occur, usually relate to the *visibility* of the club competition number. It is for this reason the Club introduced in 1997, the club competition number system you were provided with on the day. This system ensures that the vehicle numbers used are consistently presented and easy to interpret. However, for this to work the timing crew must be able to identify the club competition number of a given vehicle as it crosses (at high speed) in front of them at the timing tower - the timekeeper ignores any other number on the car. Traffic, may sometimes obscure a vehicle. Not helping the situation is poor placement of the club competition number on the car. Combinations of these factors can lead to:

- a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps being reported as if it were one lap.
- a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. Where this is identified we discard the inappropriate time and record 'nt' or not timed in the times attached.

As in all such systems some error is inevitable. However an inspection of the results shows that of the 820 laps recorded, there were few, if any, errors on Sunday. **Incidentally, if you forgot to return your number after the event, we would be very appreciative if you returned it by mail.**

A copy of this booklet, as well as others containing the results from similar events the Club has run since 1995, can be downloaded from the "Quick Access" page on the Club's website at www.maserati.org.au. Some members find this of use when comparing performances over time.

We trust you had a great day.

Maserati Club Track Events in 2008

The Grand Prix Track Day was the club's second event this year following on from the Members Practice Day at Phillip Island in January. Three remaining days are scheduled for 2008:

- **Sunday, June 29, 2008** Winter Track Day at Winton Motor Raceway
- **Sunday, August 17, 2008** Trident Track Day at Sandown International Motor Raceway;
- **Saturday & Sunday August 30 & 31, 2008** *Victorian 6 Hour Regularity Relay*
The club expects to enter at least 4 teams.
- **Sunday, October 26, 2008** Annual Spring Track Day at Sandown International Motor Raceway

Members of the Club have also been invited to attend track days organised by other clubs. Details of these events and others may be accessed, when available, via the 'Quick Access' page on the club website at www.maserati.org.au

Note: For those interested in participating in the third Victorian Club Regularity 6 Hour to be held at Phillip Island over the weekend of August 30 & 31, 2008 the club hopes to be fielding at least 4 teams and is looking for members who are interested in participating as either drivers or team officials. For this event drivers only require a L2S licence and vehicles require a minimum 4-strap harness. Cost per driver in a four car team will be \$375.00. Advice on entry forms will be e-mailed to all members in the next two weeks.
