A Note concerning your Lap Times

Thank you for attending the club's Annual Spring Track Day and helping to make it a safe and enjoyable day. Although showers were anticipated and the morning was overcast with a very light drizzle for the first hour it remained warm and the track was quite dry by the end of the first session. By mid-morning the drizzle disappeared and the overcast began to break up and we had a warm day with intermittent sunshine for the balance of the day. Whilst rain threatened it did not eventuate. We had no incidents on the day, but quite a few had mechanical dramas. Other than that, for most it was a great day. We trust you had achieved your objectives.

The Club uses a computer based timing system to record the times of drivers at its track days. For this event our usual Chief Timekeeper was absent and filling the role was Jason Carrington, ably assisted by Scott Bradford. Our thanks to Jason and Scott who despite some early difficulties, performed admirably with a capacity field.

The club timing system although computer based, requires timekeepers to identify each car by its pre-assigned club competition number and then enter that number to match the specific time we have recorded. Errors, where they occur, usually relate to the *visibility* of the car number. It is for this reason the Club introduced in 1997, the competition number system you were provided with on the day. The system ensures numbers are consistently presented and easy to interpret. For this to work the timing crew must be able to identify the number of a given vehicle as it crosses (at high speed) in front of them at the timing tower. Traffic, may sometimes obscure a vehicle and this has become more of a problem in the morning sessions when vehicle density is greatest. Not helping the situation is poor placement of the number on the car. Combinations of these factors can lead to:

- a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps being reported as if it were one lap.
- a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. Where this is identified we discard the inappropriate time and record 'nt' or not timed in the times attached.

As in all such systems some error is inevitable. However an inspection of the results shows that of the 1547 laps recorded, the volume of errors were not significant. Some laps were not recorded in the Morning session. Drivers sharing a vehicle should be aware, as pointed out in the Supplementary Regulations, times are attributed to the club number displayed on the vehicle. If you failed to ensure your number was on the vehicle during your session, then your times will be attributed to the other driver sharing the car. **Incidentally, if you forgot to return your number after the event, we would be very appreciative if you returned it by mail.**

A copy of this booklet, as well as others containing the results from similar events the Club has run since 1995, can be downloaded from the "Quick Access" page on the Club's website at www.maserati.org.au. Some members find this of use when comparing performances over time.

We trust you had a great day.

Special Thanks!

Every track day requires a team effort. Maserati Club track days are no different. Our thanks to St John Ambulance, Victorian Fire & Rescue Squad, ACE Towing and the Motorcycle Marshalling Team for their attendance and participation. Special thanks in particular are due to the following club members and others who gave up their time to help out as officials and ensure the Annual Spring Track was a safe and successful event. We hope you achieved your objectives.

Maserati Club Track Events in 2009

The Annual Spring Track Day was the club's last track day for this year. There are five club track days scheduled for 2009. Entry Forms and Supplementary Regulations for these events will be posted on the 'Quick Access' page of the club web site.

Friday, January 9, 2009	Phillip Island: Members Practice Day This event is restricted to financial 2009 Club members only, full noise 95dba - there will be a strict entry limit to maximise track time.
Sunday, April 19, 2009	Grand Prix Track Day at Sandown will be held just prior to Targa Tasmania - a multi-club event open to members of any CAMS affiliated club.
Sunday, June 21, 2009	Winter Track Day at Winton - a multi-club event conducted under a AASA permit
Sunday, August 16, 2009	Trident Track Day at Sandown - a multi-club event conducted under a CAMS permit.
Sunday, October 25, 2009	Annual Spring Track Day at Sandown - a multi-club event conducted under a CAMS Permit

Members of the Club are also invited to attend track days organised by other clubs and when available, the Entry Forms for these will be posted on the 'Quick Access' page, which is accessed from the 'Welcome' page of the club website at: www.maserati.org.au.
