A Note concerning your Lap Times

Thank you for attending the club's Annual Spring Track Day and helping to make it a safe and enjoyable day. Although some morning showers were anticipated they did not eventuate. Despite overcast skies for most, if not all of the day, and the threat of rain early in the afternoon, the Annual Spring Track Day was conducted in what proved to be excellent conditions with a dry track all day. We had no incidents on the day, but a few had mechanical dramas. Other than that, for most it was a great day. We trust you had achieved your objectives.

The Club uses a computer based timing system to record the times of drivers at its track days. For this event our Greg Aimers was our Chief Timekeeper and did what proved to be an outstanding job, with a full field entirely on his own. Well done Greg for such a great job!

The club timing system although computer based, requires timekeepers to identify each car by its pre-assigned club competition number and then enter that number to match the specific time we have recorded. Errors, where they occur, usually relate to the *visibility* of the car number. It is for this reason the Club introduced in 1997, the competition number system you were provided with on the day. The system ensures numbers are consistently presented and easy to interpret. For this to work the timing crew must be able to identify the number of a given vehicle as it crosses (at high speed) in front of them at the timing tower. Traffic, may sometimes obscure a vehicle and this has become more of a problem in the morning sessions when vehicle density is greatest. Not helping the situation is poor placement of the number on the car. Combinations of these factors can lead to:

- a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps being reported as if it were one lap.
- a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. Where this is identified we discard the inappropriate time and record 'nt' or not timed in the times attached.

As in all such systems some error is inevitable. However an inspection of the results shows that of the 1573 laps recorded, there were few errors. Some laps were not recorded in the Morning session. Drivers sharing a vehicle should be aware, as pointed out in the Supplementary Regulations, times are attributed to the club number displayed on the vehicle. If you failed to ensure your number was on the vehicle during your session, then your times will be attributed to the other driver sharing the car. **Incidentally, if you forgot to return your number after the event, we would be very appreciative if you returned it by mail.**

A copy of this booklet, as well as others containing the results from similar events the Club has run since 1995, can be downloaded from the "Quick Access" page on the Club's website at www.maserati.org.au. Some members find this of use when comparing performances over time.

We trust you had a great day.

Special Thanks!

Every track day requires a team effort. Maserati Club track days are no different. Our thanks to Race Solutions for their paramedical support, Victorian Fire & Rescue Squad, ACE Towing and the Motorcycle Marshalling Team for their attendance and participation. Special thanks in particular are due to the following club members and others who gave up their time to help out as officials and ensure the Annual Spring Track was a safe and successful event. We hope you achieved your objectives.

Maserati Club Track Events in 2010

The Annual Spring Track Day was the club's last track day for this year. There are seven events scheduled for 2010. Entry Forms and Supplementary Regulations for these events will be posted on the 'Quick Access' page of the club web site.

Friday, January 8, 2010

Members Practice Day at Phillip Island.

This event is restricted to financial 2010 Club members only, full noise 95dbA - there will be a strict entry limit to maximise track time.

Sunday, February 21, 2010

Haunted Hills - Special Stage 1: A multi-club event at the Haunted Hills Circuit at Newborough - 95 dbA

Sunday, April 18, 2010

Grand Prix Track Day at Sandown - a multi-club event held just prior to Targa Tasmania - a 75 dbA day

Sunday, June 20, 2010

Winter Track Day at Winton - a multi-club event conducted under a AASA permit - 95 dba day

Sunday, August 22, 2010

Trident Track Day at Sandown - a multi-club event held just for fun - a 75 dbA day.

Sunday, September 12, 2010

Haunted Hills - Special Stage 2: A multi-club event at the Haunted Hills Circuit at Newborough - 95 dbA

Sunday, October 17, 2010

Annual Spring Track Day at Sandown - a multi-club event just prior to the Sandown Historics - 75 dbA

Members of the Club are also invited to attend track days organised by other clubs and when available, the Entry Forms for these will be posted on the 'Quick Access' page, which is accessed from the 'Welcome' page of the club website at: www.maserati.org.au.
