A Note concerning your Lap Times

Thank you for attending the club's Winter Track Day and helping to make it a safe and enjoyable day. The conditions for this year's event were good and generally improved to excellent by early afternoon. After a cool start with a heavy mist, but dry track, the event got underway around 9.30 am. By mid morning the mist had disappeared but a heavy overcast remained. Around midday the overcast had started to lift and by 1.00 pm there were patches of blue sky and an hour later there was sunshine to go with the blue sky to make a very pleasant day. We hope you had a chance to get a good lap in on the day and enjoyed your experience. It seems many people matched or bettered their best times for the venue. We hope you achieved your objectives for the day.

The Club uses a computer based timing system to record the times of drivers at its track days. For this event the Chief Timekeeper was Jason Carrington who ran solo all day. Our special thanks to Jason for the fantastic job he did keeping track of everyone throughout the day.

The club timing system although computer based, requires our timekeepers to identify each car by its pre-assigned competition number and then enter that number to match the specific time we have recorded. Errors, where they occur, usually relate to the *visibility* of the car number. The timing crew must be able to identify the number of a given vehicle as it crosses (at high speed) in front of them at the timing tower. Traffic, may sometimes obscure a vehicle. Not helping the situation is poor placement of the number on the car. Combinations of these factors can lead to:

- a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps being reported as if it were one lap - this occurred on a few occasions.
- a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. Where this is identified we discard the inappropriate time and record 'nt' or not timed in the times attached.

As in all such systems some error is inevitable. However an inspection of the results shows that of the 1464 laps recorded, there were few errors on Sunday. **Incidentally, if you forgot to return your number after the event, we would be very appreciative if you returned it by mail.**

Drivers sharing a vehicle should be aware, as pointed out in the Supplementary Regulations, times are attributed to the club number displayed on the vehicle. If you failed to ensure your number was on the vehicle during your session, then your times will be attributed to the other driver sharing the car.

A copy of this booklet, as well as others containing the results from similar events the Club has run since 1995, can be downloaded from the "Quick Access" page on the Club's website at www.maserati.org.au. Some members find this of use when comparing performances over time.

We trust you had a great day.

Special Thanks!

Every track day requires a team effort. Maserati Club track days are no different. Our thanks to St John Ambulance for their attendance and participation. Special thanks in particular are due to the following people who gave up their time to help out as officials and ensure the Winter Track Day was a safe and successful event.

Maserati Club Track Events in 2010

The Winter Track Day was the club's third track day for this year. There are two remaining club track day events scheduled for 2010: The remaining days are:

Sunday, July 18, 2010	2010 Victorian SuperSprint Championship, Round 2 - to be hosted by PIARC Car Club at Phillip Island. Members interested in competing can obtain an entry form and further information at: www.vssc.org.au .
Saturday & Sunday August 7 & 8	Victorian 6 Hour Regularity @ Phillip Island - a multi-club CAMS event. The club is not running any teams this year.
Sunday, August 22, 2010 CANCELLED	Trident Track Day at Sandown - This event has been CANCELLED - as the date is no longer available to a changes in the jump racing at the venue.
Sunday, September 12, 2010	Haunted Hills - Special Stage 2: A multi-club event at the Haunted Hills Circuit at Newborough - 95 dbA
Sunday, October 17, 2010	Annual Spring Track Day at Sandown - a multi-club event just prior to the Sandown Historics - 75 dbA

Members of the Club have also been invited to attend track days organised by other clubs. Details of these events and others may be accessed, when available, via the 'Quick Access' page on the club website at www.maserati.org.au
