Il Tridente: Located in Bologna's Piazza del Nettuno. It is this distinctively shaped trident head that inspired its adoption as the symbol for Officine Alfieri Maserati SpA. The red and blue of the Maserati badge are traditional Bologna Colours

A Note concerning your Lap Times

Thank you for attending the club's Winter Track Day held this year at the Winton Motor Raceway. Apart from an early morning chill, which meant we were greeted with a cold track, it was not too long before morning sunshine lifted the track temperature resulting in near perfect conditions all day. We hope you enjoyed the experience and achieved your objectives for the day.

The Club uses a computer based timing system to record the times of drivers at its track days. For this event the Chief Timekeeper was Greg Aimers. Greg undertook the timing with the assistance of his son Simon and apart from a brief period (when Greg did a few laps himself in his Nissan 200 SX) they provided coverage of the event for the entire day.

The timing system, requires us to identify a car by number only and enter the number of the car to match a specific time which we have recorded. Errors, where they occur, usually relate to the *visibility* of the car number. The timing crew must be able to identify the number on a given vehicle as it crosses (at high speed) in front of them at the timing tower. Traffic, may sometimes obscure a vehicle. Not helping the situation is poor placement of the number on the car. Combinations of these factors can lead to:

- # a vehicle being missed on one lap, but being picked up on another lap. This may lead to two laps or sometimes more being reported as if it were one lap.
- # a vehicle whose number is obscured may be mistaken for another similar vehicle on the track at the same time. This will lead us to discard the inappropriate time and record 'nt' or not timed in the times attached..

Unfortunately some computer problems were encountered during the day. Although an unusual occurrence, these problems resulted in the loss of the computer records for times recorded in the practice session for the following drivers: Jeff Beable, Kevin De Haan, Guy Edmonds, Ted Fregon, Stephen Harper, David McConnell, Philip Meiklejohn and Francis Placentino. Whilst times were actually recorded and posted for these drivers in the Winton Scrutineering Bay, unfortunately the hard copy records were not retained. We apologize.

The results as provided in this document, are confidential and are for your personal use only. They are NOT intended for publication or dissemination to any third party whatsoever. However, the summary of times that will appear in the next issue of the club newsletter "The President's Notebook" can be used in any manner you may think fit. Drivers who are not members of the club will receive a complimentary copy of club newsletter containing the summary times. A copy of these times is also available on the club's web site at www.maserati.org.au where you can download the times from this event as well as results from other similar events the club has run in the past few years.

We trust you had a great day.
